ICE TOOLS

ARLINGTON, MASS.

COMPLETE DESCRIPTIVE CATALOGUE SENT UPON APPLICATION.

15 pages--$4.

ANNOUNCEMENT.

This Condensed Circular and Price-list

Is issued to provide our customers with a smaller book than our Complete Catalogue, and which, with its clear engravings and names of tools appended, will enable purchasers who are acquainted with the uses of Ice Tools to send us orders that will be accurately filled.

Our complete, illustrated, 48-page catalogue, containing full descriptions of all our tools, will be mailed to any one who may send for it.

In manufacturing our Ice Tools, we aim: —

1st. To make the best in the market.
2d. To sell at the lowest price that the best can be sold.

We have made this our special business for over sixty years. We employ only the best skilled workmen, who remain with us for long periods of years. We use the best materials exclusively, which we purchase in large quantities for cash. We superintend and inspect our work personally; and we have the best of opportunities for testing our work, being located in the midst of extensive ice-cutting companies.

Good tools, only, are economical to the ice dealer, and the difference in cost between them and inferior ones is far more than offset by breakages and loss of many men's time in the use of the latter.

Prices of our Ice Tools are as low as strictly first-class work can be afforded, and for what we give for the money we believe they are the cheapest in the market. Notice the weights and sizes of our tools when comparing our prices with others.

Testimonials of the quality and worth of our manufactures we have never printed. They can be had anywhere and from almost any one in the ice business.

Our Boston office and warerooms are at the store of our New England agents, Messrs. Joseph Breck & Sons (Corporation), dealers in agricultural implements and seeds, 47 to 54 North Market Street.

Telephone connection between the Boston office and the factory will prove a convenience to those who cannot visit Arlington.

Ice-harvesting pamphlet — sixteen pages — will cheerfully be mailed to any applicant.

Thanking our past customers for their long-continued patronage, and soliciting a trial of our manufactures by new ones, we remain,

Yours very truly,

Cyrus Wood.

GIFFORD BROS., . . . HUDSON, N. Y.

REPAIRING ICE TOOLS.

We repair all kinds of Ice Tools, whether of our own make or others', promptly, well, and at lowest prices. It pays the user to get his repairing done at our factory, instead of allowing the local blacksmith to do it.

☞ **Send early in the Fall, and avoid freight delays and rush of work at factory.**

Address freight shipments to Wm. T. Wood & Co.,
care Johnson's Arlington Express, Boston, Mass.,

and the charges will be less than if addressed to Arlington. **Express shipments** should be marked to **Arlington, Mass.**

Estimates on repairing cannot well be sent to customers until we view the tools, as a description of their condition by letter is apt to overlook some point. We will write customers an exact estimate after the tools arrive, when requested; or, when repairs are left to our discretion, we will endeavor to serve the owner's best interests.

Filing and Straightening can usually be done for from $1.00 to $1.50. Gumming out the bottoms of the teeth, $3.00. Re-forging and re-finishing a plow, giving proper width and temper to the teeth, $7.00.

New Teeth, to replace broken ones; new sets of teeth, to replace worn out ones; or Patent Clearing Teeth inserted, — all at lowest prices.

Burned Plows or Markers can usually be made as good as new for $12.00, with new case.

Chisels, Bars, and Ice Hooks repaired in first-class shape.

WM. T. WOOD & CO.,
Arlington, Mass.

ILLUSTRATIONS.

In ordering Ice Tools from us, please use the **names** or **numbers** given below, to ensure your receiving exactly the goods wanted.

Descriptive Catalogue (48 pp.), and Ice Harvesting Pamphlet (16 pp.), sent upon application.

☞ **All of our Markers and Plows are made from BEST QUALITY TOOL STEEL only.**

PRICE LIST

AND TELEGRAPH CODE.

WM. T. WOOD & CO.,

ICE TOOL MANUFACTURERS, ARLINGTON, MASS.

☞ FIRST-CLASS GOODS ONLY MANUFACTURED. ☞ ALL TOOLS WARRANTED.

PRICES are for FIRST-CLASS TOOLS, of FINEST QUALITY ONLY.
ALL SHIPMENTS delivered FREE ON BOARD CARS IN BOSTON.
Persons with whom we are unacquainted should either send references or accompany orders with payment.

TELEGRAPH ORDERS may be condensed by using CODE WORDS designated below. Prefix "Freight," "Steamer," "Express," or "Collect" (for C. O. D.), as shipment may be desired. In ordering fractions of a dozen, use the following:—

1-12 doz., DAGON.	1-4 doz., DECIMAL.	1-2 doz., DONNA.	1½ doz., DUNDEE.
1-6 " DANUBE.	1-3 " DERBY.	2-3 " DRUG.	2½ " DYER.
	5-12 " DIRGE.	3-4 " DUKE.	

Thus, "*collect dirge hamlet*" would order 5-12 doz. 4½ feet Ice Hooks sent C. O. D. (by express).
